Dear Examiner Pritchett:

This responds to the Office Action mailed 05/16/2005.

Please amend the specification as follows. In the preamble to the specification, prior to the heading "Statement Regarding Federally Sponsored Research or Development" and after "Cross-References to Related Applications", delete "Not applicable." and insert the following:

This is a continuation application of PCT/EP00/06661, which claims priority of German Patent Application DE 199 33 248.7, filed on July 15, 1999.

This Amendment to the specification does not add new matter, but rather, merely states the priority originally claimed when this application was filed.

The claims are set forth on the following pages, together with status indicators:
